**A**

Survival rate over months after surgery for Twist low and Twist high groups. The survival rate decreases over time for both groups, with the Twist high group showing a steeper decrease.

- "Twist low"
- "Twist high"

*p = 0.0014*

**B**

Survival rate over months after surgery for E-cadherin preserved and E-cadherin reduced groups. The survival rate decreases over time for both groups, with the E-cadherin reduced group showing a steeper decrease.

- "E-cadherin preserved"
- "E-cadherin reduced"

*p = 0.0007*
