The bar chart shows the comparison between clinical (blue) and CT (red) findings for local recurrence and LN metastases.

- **Local recurrence + LN metastases**: Clinical: 16, CT: 0
- **Local recurrence**: Clinical: 32, CT: 4
- **LN metastases**: Clinical: 25, CT: 7

The chart indicates a significant difference between the clinical and CT findings, with the CT results being lower than the clinical findings for all categories.
