Asthma self-report

Have you ever had asthma?
- Yes

Did a physician confirmed you had asthma?
- Yes

Do you still have asthma?
- Yes

Have you had any asthma attack in the last 12 months?

Are you currently taking any medicines including inhalers, aerosols or tablets for asthma?

Consider asking "When has the physician stated you had asthma"?

Consider using additional popular expressions for asthma such as "asthmatic bronchitis" or "allergic bronchitis"?

Consider using last 12 months or last month instead of currently.

Asthma symptoms

Have you ever had wheezing or whistling in the chest at any time in the past?
- Yes
  - How many attacks of wheezing have you had in the last 12 months?
  - Have you had this wheezing or whistling when you did not have a cold?
  - Have you been at all breathless when the wheezing noise was present?
  - Has a physician stated that you had wheezing in the last 12 months?
  - Has your chest sounded wheezy during or after exercise, in the last 12 months?
  - Has your sleep been disturbed due to wheezing, in the last 12 months?

Have you had an attack of shortness of breath after exercise in the last 12 months?

Have you had an attack of shortness of breath that came on during the day when you were at rest at any time in the last 12 months?

Have you woken up with a feeling of tightness in your chest at any time in the last 12 months?

Have you been woken by an attack of shortness of breath at any time in the last 12 months?

Have you been woken by an attack of coughing at any time in the last 12 months?

In the last 12 months, have you had a dry cough apart from a cough associated with a cold or a chest infection?

Consider including chronic bronchitis and allergic rhinitis questions such as "Have you been coughing constantly for more than 3 weeks in any time in your life?" and "Do you have any nasal allergies, including hay fever?"
