APPENDIX 1: DRAFT ELIGIBILITY CRITERIA

Level 1 screening:

1. Is the study written in English?
   YES _____
   NO _____
   UNCLEAR _____

2. Are all participants healthy humans?
   YES _____
   NO _____
   UNCLEAR _____

3. Did the participants receive an influenza vaccine?
   YES _____
   NO _____
   UNCLEAR _____

4. Is this a randomized (or quasi-) randomized controlled trial?
   YES _____
   NO _____
   UNCLEAR _____

5. Is one of the treatment groups a placebo group?
   YES _____
   NO _____
   UNCLEAR _____

Level 2 screening:

1. Is the study written in English?
   YES _____
   NO _____
   UNCLEAR _____

2. Are all participants healthy humans?
   YES _____
   NO _____
   UNCLEAR _____

3. Did the participants receive an influenza vaccine?
   YES _____
   NO _____
4. Is this a randomized (or quasi-) randomized controlled trial?
   YES _____
   NO _____
   UNCLEAR _____

5. Is one of the treatment groups a placebo group?
   YES _____
   NO _____
   UNCLEAR _____

6. Is this a mismatched trial (i.e., the circulating strains do not match the vaccine composition)?
   YES _____
   NO _____
   UNCLEAR _____

**Note:** If you answer NO to any of these questions, the citation/study will be excluded. All other citations/studies will be included. We will keep track of reviews that have potentially relevant material and will scan their reference lists to ensure all studies have been captured.
