Figure 4. Relationship Between OOS and Application and Receipt of SSDI and SSI in the 48 Months Following VR Application

Source: Analysis of SSA’s TRF09 linked to RSA-911 data.

Note: Figure shows the proportion of VR applicants who applied for or received SSI or SSDI benefits within 48 months of VR application, by agency OOS status in the month of application. SSDI application and receipt limited to VR applicants who were estimated to be disability-insured at the time of VR application. OOS status of the VR agency providing services is defined based on the state and year of application.
