Absence of signs of circulation and/or considered for resuscitation

- **Resuscitation not attempted**

- **Resuscitation attempted**
  
  - **Initial monitored rhythm**
    
    - **Shockable rhythm**
    
      - **Witnessed arrest by bystanders**
        
          - **Prehospital ROSC**
            
              - Consider an advanced life support

    - **Unshockable rhythm**
      
        - **Unwitnessed arrest by bystanders**
          
            - **No prehospital ROSC**
              
                - Consider a termination of resuscitation
