**LNCaP-induced DNase regions**

**Union DHS regions**

### Graphs and Data

**Graph (a)**: Box plots showing the number of tags per region for LNCaP and LNCaP-induced DNase regions.

**Graph (b)**: Bar chart showing the percent of regions with DNase increases and decreases for different genomic locations.

### Table (c)

- **KLK2**
- **KLK3**

**DNA Sequences**

**Graph (d)**: DNA sequences illustrating DNase increases and decreases for different transcription factors:

- **AR**
- **Sp1**
- **YY1**
- **AP-2**

**Genomic Region**: chr19:51,352,554-51,385,813
