QUESTIONNAIRE

Important Note
In each question you should think upon how much each aspect in question is able to characterize a human differentiating it from other animals. For this, you should mark a value between 1 (the feature in question is shared with all animals) and 7 (the feature is uniquely human) in the scale shown below each question.

If you have not understood the meaning of the question, or do not have an opinion on the subject check this box in the space provided below each question.

1. Writing
Consider the development of written language. In your opinion, writing is:

I did not understand what was asked ( ) I have no opinion on the subject ( )

2. Altruism
Altruism is defined as selflessness, detachment. That is, the ability of an individual to perform any act for the benefit of another individual, often on self-expenses or losses. In your opinion, altruism is:

I did not understand what was asked ( ) I have no opinion on the subject ( )

3. Love
We can define love as the feeling that predisposes someone to desire the good of others or of something. Consider this feeling on its entirety, but restrict it to love directed to people and not to objects. In your opinion love is:

I did not understand what was asked ( ) I have no opinion on the subject ( )

4. Breathing
Consider the ability to breathe (O2 absorption and CO2 release). In your view, the ability to breathe is:

I did not understand what was asked ( ) I have no opinion on the subject ( )
5. Violence

Violence can be defined as physical or moral constraint, or as the use of brute force. Consider both violence by an individual over another as well as the violence between nations. In your opinion violence is:

<table>
<thead>
<tr>
<th></th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
<th>5</th>
<th>6</th>
<th>7</th>
</tr>
</thead>
</table>

I did not understand what was asked ( ) I have no opinion on the subject ( )

6. Sexual Behavior (SB)

We understand that the SB refers to the way we choose our sexual partners; we establish our sexual practices, our mating patterns and the frequency of sexual intercourse. In your opinion, SB is:

<table>
<thead>
<tr>
<th></th>
<th>1</th>
<th>2</th>
<th>3</th>
<th>4</th>
<th>5</th>
<th>6</th>
<th>7</th>
</tr>
</thead>
</table>

I did not understand what was asked ( ) I have no opinion on the subject ( )
