F2-specific regions

SVs

Over 70% of SV covered <5X by B73 reads
Over 90% of SV covered by properly mapped F2 PE reads

F2-specific regions

PAV anchoring to B73 refGen V2 sequence

F2-specific anchored regions

F2-specific unanchored regions

Pseudomolecule-like sequence made of unanchored F2-specific sequences

Pseudomolecule-like sequence made of F2-specific anchored sequences

B73/F2 pan-genome sequence

B73 refGen V2 Pseudomolecules

Over 70% of scaffold covered <5X by B73 reads
Over 90% of scaffold covered by properly mapped F2 PE reads
