Appendix 1: Parental perceptions of exposure questionnaire (English translation)

A. In this questionnaire you will be presented with various situations showing smokers and children. To what degree do you think the child in the picture is exposed to cigarette smoke? (To what degree does the smoke reach him/her?). Rate your answer from 1=not at all to 7=highly

highly exposed
8. B.

In the following questions situations will be described without pictures. Please rate to what degree you think the child described is exposed to cigarette smoke? (To what degree does the smoke reach him/her?)

9. The child is in the kitchen, someone is smoking on the adjacent service balcony

10. The child is in a room where someone smoked 12 hours ago

11. The child is in a room where someone smoked 2 hours ago
12. The child is in a room where someone smoked 30 minutes ago

13. The child is in a car where someone smoked 1 hour ago

14. The child is in a car where someone smoked 20 minutes ago

15. The child is in the playground and sees his mother smoking but does not smell smoke

16. The child is in the playground and smells cigarette smoke but does not see the smoker

17. The child is in the playground and sees his mother smoking and can smell the smoke
C. Next you will be presented with the same pictures, this time you will be asked to rate the health risk to the child in the described or pictured situation:

28. The child is in a room where someone smoked 2 hours ago

![Risk Level Diagram](image2)

29. The child is in a room where someone smoked 30 minutes ago

![Risk Level Diagram](image3)

30. The child is in a car where someone smoked 1 hour ago

![Risk Level Diagram](image4)

31. The child is in a car where someone smoked 20 minutes ago

![Risk Level Diagram](image5)

32. The child is in the playground and sees his mother smoking but does not smell smoke

![Risk Level Diagram](image6)

33. The child is in the playground and smells cigarette smoke but does not see the smoker

![Risk Level Diagram](image7)
34. The child is in the playground and sees his mother smoking and can smell the smoke.

35. Do you consider opening a window while smoking in the car to prevent children’s exposure to tobacco smoke?

36. What proportion of tobacco smoke is invisible?
   - 20%
   - 50%
   - 80%

37. After smoking in the home, how long does it take for the home to be smoke-free? ___________________________ (open response)

38. After smoking in the car, how long does it take for the car to be free of smoke? ___________________________ (open response)

39. Do you consider yourself to have sufficient information on the subject of passive smoking?
   - not at all
   - very much
40. How confident did you feel of your answers?

1  2  3  4  5  6  7
not at all  ○  ○  ○  ○  ○  ○  ○  very much

41. Did you find it difficult to answer the questionnaire?

1  2  3  4  5  6  7
not at all  ○  ○  ○  ○  ○  ○  ○  very much

Thank you for your participation!
