Instructions for filling out the electronic questionnaire

In the following questionnaire, you will find a set of twenty pictures with accompanying text that relates to your child's oral cavity health. Your task is to look at each picture, read the accompanying text and then evaluate the feeling that the picture and text evoke in you. To do this, select and mark with a cross the manikin in each of the three lines that best suits your current feeling. The scale is explained in the picture below.

Thank you for your collaboration.

Valence

The picture with the text evokes in me unpleasant emotions.

Arousal

It keeps me calm.

Dominance

I cannot fully control the emotions evoked in me by the picture with the text.

The picture with the text evokes in me pleasant emotions.

It makes me anxious.

I can fully control the emotions evoked in me by the picture with the text.
