**Body Mass - Weaning**

- **A:**
  - Graph showing Body Mass (g) vs. Time (days) for CL and RL groups.
  - CL and RL lines are plotted with error bars.
  - Significant differences indicated by asterisks (*) on the graph.

- **B:**
  - Graph similar to A but with different data range.

**Body Mass - After Weaning**

- **C:**
  - Graph showing Body Mass (g) vs. Time (days) for CLSed, RLSed, RLEnd, and RLHiit groups.
  - CLSed, RLSed, RLEnd, and RLHiit lines are plotted with error bars.
  - Significant differences indicated by asterisks (*) on the graph.

- **D:**
  - Graph similar to C but with different data range.

**Food Intake - After Weaning**

- **E:**
  - Graph showing Food Intake (g) vs. Time (days) for CLSed, RLSed, RLEnd, and RLHiit groups.
  - CLSed, RLSed, RLEnd, and RLHiit lines are plotted with error bars.
  - Significant differences indicated by asterisks (*) on the graph.

- **F:**
  - Graph similar to E but with different data range.
