Supplementary Figure S3. (a) Biodegradation of 1-BP, 4-DM and 2-BP in *Sphingomonas* sp. axenic culture. Biodegradation of 4-HBD, 4-HBZ, 4-HAP and 4-HPAT in *Sphingomonas* sp. axenic culture (b); and (c) *Pseudomonas* sp. axenic culture. ‘Sph-2’ and ‘Pdm’ indicates *Sphingomonas* sp. and *Pseudomonas* sp., respectively. Error bars indicate the standard deviation of biological triplicates.
