PSC-Cardiomyocyte Based therapies

**Quality control**
- Clinical-grade products
- Good Manufacturing practices

**Cell Differentiation**
- Level of commitment
- Level of maturation
- Tumorigenicity
- Immunogenicity

**Trial methodology**
- Patients characteristics
- Large animal models
- Clinical and surrogate endpoints

**Delivery**
- Route of delivery
- Cell suspension
- Biomaterials
- Cell survival and engraftment

**Patients characteristics**
- Large animal models
- Clinical and surrogate endpoints

**Cell Differentiation**
- Level of commitment
- Level of maturation
- Tumorigenicity
- Immunogenicity
