Title: DLQI scores in vitiligo: reliability and validity of the Persian version

Version: 2 **Date:** 27 July 2004

Reviewer: Cato Mork

Reviewer's report:

General

I have now read and assessed the revised manuscript and response to my questions. I find the changes and answers to my questions acceptable.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)
