Title: A 90 day chronic toxicity study of Nigerian herbal preparation DAS-77 in rats

Version: 4 **Date:** 18 May 2012

Reviewer: li bo

Reviewer's report:

The artical related work is of certain reference value for herbal toxicity study, The figures 1-4 had been revised by the authors and for the dose-effect relationship in discussion part, the authors given a acceptable explanation. Therefore, I suggest it would be accept without further revision.

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
