Reviewer’s report

Title: Research Article. An Evaluation of the Accuracy of Small-Area Demographic Estimates of Population At Risk and Its Effect on Prevalence Statistics

Version: 2 Date: 29 May 2013

Reviewer: Tanja Srebotnjak

Reviewer’s report:

The authors of the manuscript have taken visible care in responding to my comments and significantly improved the manuscript.

All of my major compulsory, minor and discretionary comments have been adequately addressed.

It is my opinion that the article can now be published.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:

I declare that I have no competing interests.
