

Reviewer's report

Title: Repeatability and agreement of ultrasonography with computed tomography for evaluating forefoot structure in the coronal plane

Version: 2 Date: 03 Mar 2017

Reviewer: Lisa Newcombe

Reviewer's report:

Thank you for all of your revisions. Where appropriate, all recommendations have been considered and fully addressed with justifications for decisions made. I have no further comments except a minor discretionary suggestion for the abstract, to add in the word 'the' to Abstract Line 26: Within 'the' forefoot. Thank you again for the opportunity to review this work which will make an interesting and valuable contribution to the field.

Level of interest

Please indicate how interesting you found the manuscript:

An article of importance in its field

Quality of written English
