Reviewer's report

Title: The Role of Rigid Indirect Videolaryngoscopy in the Successful Orotracheal Intubation of Adults: A Systematic Review of Randomized and Non-Randomized Trials.

Version: 3 Date: 24 November 2012

Reviewer: Jochen Hinkelbein

Reviewer's report:

The authors have improved the manuscript significantly and have addressed all comments sufficiently. I do not have any further remarks.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

The authors have improved the manuscript significantly and have addressed all comments sufficiently. I do not have any further remarks.
