Title: Determinants of long-term physical functional status after critical illness: a prospective, longitudinal, multicentre trial

Version: 3 Date: 27 August 2012

Reviewer: Serge Brimioulle

Reviewer's report:

In answer to major comments 2 to 5, the authors just state that the text is "not modified", but fail to explain why they are unable or unwilling to follow the suggestions ...

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
