Reviewer's report

**Title:** Goal-directed fluid therapy- A survey of anaesthetists in the UK, USA, Australia and New Zealand

**Version:** 2  **Date:** 16 October 2012

**Reviewer:** William McGee

**Reviewer's report:**

Major Compulsory Revisions:
Limitations should be more emphatically stated in discussion.

Minor Essential Revisions:
none

Discretionary Revisions:
I believe my recommendations would strengthen this report but generally fall into this category.

**Level of interest:** An article of limited interest

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I am on a speakers panel for Edwards Lifesciences. Edwards manufactures the Pulmonary Artery Catheter, the FloTrac/Vigileo and EV1000 hemodynamic monitoring platforms that are useful in the practice of goal-directed therapy. I have previously done research funded by Edwards Lifesciences.
