Reviewer's report

**Title:** Extra Corporeal Membrane Oxygenation (ECMO) in Three HIV-positive Patients with Acute Respiratory Distress Syndrome

**Version:** 1  **Date:** 6 February 2014

**Reviewer:** Francesco Menichetti

**Reviewer's report:**

The paper deserves publication because of its originality and interest. I only have a few directionary revisions to propose. I propose to better define how the diagnosis of PJP was made in the first case and how other opportunistic agents were ruled out in the three cases.

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no conflicts of interest
