Reviewer's report

Title: Liberal or restricted fluid administration: are we ready for a proposal of a restricted intraoperative approach?

Version: 3 Date: 7 July 2014

Reviewer: yalim dikmen

Reviewer's report:

I thank to the authors for addressing my comments in the first review. The article gives a nice summary of perioperative fluid administration, which is an important subject for all anesthesiologists. If the journal accepts this type of manuscripts for publication I would recommend its publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
