Reviewer's report

Title: Three suspected cases of sugammadex-induced anaphylactic shock

Version: 2 Date: 9 May 2014

Reviewer: Jean-Marc Malinovsky

Reviewer's report:

Authors responded to the main criticism of reviewers.
I still say that a reference of the cases series (or alert) of allergic reactions to sugammadex occurred in Japan must be given at least as a footnote.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
