Reviewer's report

Title: Double auricles of the right atrium: a unique anatomic deformity

Version: 2 Date: 17 February 2011

Reviewer: R Hetzer

Reviewer's report:

Thank you for agreeing with the suggestion, and correcting it. Please rephrase your conclusion. Instead of "...we considered the occurrence of the double right atrium..." to"... the occurrence of the the double auricles of the right atrium...".

Please rephrase "without an evident clinical significance" into "of no clinical significance" or "not clinically significant. Instead of "not connected", please use "not associated". Please correct your spelling of hemodynamically and functionally.

For Fig.1. Legend. Please use the word "forceps" instead of "pincettes."

Level of interest: An article of limited interest

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
