Reviewer's report

Title: An Atypical Variant of Anderson-Fabry Disease in a Female Patient with Renal and Cardiac Involvement and Transient Ischemic Attack: a Case Report

Version: 1 Date: 20 February 2012

Reviewer: Juan Gagliardi

Reviewer's report:

Minor essential revisions:
1. In the abstract please replace the phrase "Peculiar symptoms" with "Peculiar findings" or "Signs" since symptoms refers to what the patient feel and not to the findings in the biopsy
2. Figures footnotes are repeated.
3. In figure 1, it is necessary to use arrows to point out lysosomal inclusions and the inclusions in podocytes and mesangial cells.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
