Reviewer’s report

Title: The effect of cardiac rehabilitation on anxiety and depression in patients undergoing cardiac bypass graft surgery in Iran

Version: 2 Date: 22 November 2011

Reviewer: Angele McGrady

Reviewer’s report:

There are no major compulsory revisions in the revised manuscript.

Minor essential revisions: I believe that the correct terminology is "chi square" and not "chi squared" as used by the authors.

Discretionary revisions: There are a few remaining punctuation and grammatical errors which should be edited.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
