Reviewer’s report

Title: Oral anticoagulant and antiplatelet drugs used in prevention of cardiovascular events in the elderly in Poland

Version: 1 Date: 17 August 2012

Reviewer: mohit turagam

Reviewer’s report:

Minor Essential Revisions
This is a timely manuscript which reports important findings. It would be worthwhile to include
1) The data regarding usage of newer anticoagulants like dabigatran and rivaroxaban.
2) Also include the data of patients on OAP vs OAC based on CHADS2 score

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
