Reviewer’s report

Title: Association of the smoking status with parameters of vascular structure and function in adults. Results from the EVIDENT study.

Version: 4 Date: 4 November 2013

Reviewer: Christian Ott

Reviewer’s report:

This is an improved manuscript that addresses all of my earlier concerns.

Needs some language corrections, hence: Accept after minor essential revisions (which the authors can be trusted to make).

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
