Reviewer's report

Title: Population risk factor estimates for abdominal aortic aneurysm from electronic medical records: a case control study

Version: 2 Date: 21 January 2014

Reviewer: Steinar Solberg

Reviewer's report:

The response from the authors is very good, and the revised manuscript is constructively altered.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:

I declare that I have no competing interests
