Reviewer’s report

Title: Biatrial myxoma and multiple organ infarctions combined with Leriche syndrome in a female patient

Version: 3 Date: 3 September 2014

Reviewer: mandy binning

Reviewer’s report:

Major Compulsory Revisions-None

Minor Essential Revisions-Page 2, Line 16 and Page 5, Line 13, "recovered renal infarction" does not make sense, this should read, recovered renal function or recovered from renal infarction.

Please define leriche syndrome clearly.

Discretionary Revisions

The abstract can be summarized and shortened rather than just repeating the text within the manuscript.

Overall, this is an interesting case report and deserves a place in the literature.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
