Reviewer's report

**Title:** Differential associations of central and brachial blood pressure with carotid atherosclerosis and microvascular complications in patients with Type 2 diabetes

**Version:** 4  
**Date:** 1 February 2014

**Reviewer:** Jitka Seidlerová

**Reviewer's report:**

The authors of the paper „Differential associations of central and brachial BP....“ has improved the new version of paper significantly. I do not have any more comments. I recommend this paper to be published in BioMed Central journal.

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
