Reviewer's report

Title: Worsened Arterial Stiffness in High-Risk Cardiovascular Patients with High Habitual Carbohydrate Intake: A Cross-Sectional Vascular Function Study

Version: 2 Date: 14 May 2013

Reviewer: Joan Vaccaro

Reviewer's report:

Dear Authors,

Thank you for addressing all the minor comments and improving the English. Your models for CVD/CHO versus CHO controls are not correct. This should be one variable (yes/no) and have one coefficient/p-value. Please see a statistician.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
