Reviewer's report

Title: A Cross-sectional study of stand-alone percutaneous coronary intervention in a Nigerian Cardiac Catheterization Laboratory

Version: 2 Date: 6 November 2013

Reviewer: Ayodele Falase

Reviewer's report:

This is the first of such reports from Nigeria. It is an excellent report and it is well written. I therefore recommend that the paper be accepted for publication.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
