Reviewer’s report

Title: Prevalence of cardiovascular health risk behaviors in a remote rural community of Sindhuli district, Nepal.

Version: 5 Date: 30 June 2014

Reviewer: Yuichiro Yano

Reviewer’s report:

- Minor Essential Revisions
Before accepting this paper, please modify the following points:

Abstract:
Please omit the word “comparatively”.
Salt intake was estimated as XX mg/day, is it correct? Please modify (including discussion section).

As limitation, you should add the following sentence:
Sodium intake estimated by our approach could be inaccurate. A more accurate way to determine dietary sodium, such as 24-hour urine collection, is warranted to confirm our findings.

In Table 3, B values of age, salt intake, and BMI indicates to what units ?? 1-year old increase of age ? +1SD of age ? +10 years of age ? Please specify.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
