Reviewer's report

Title: Knowledge of modifiable risk factors of heart disease among patients with acute myocardial infarction in Karachi, Pakistan: a cross sectional study

Version: 4 Date: 25 March 2006

Reviewer: Julie J Zerwic

Reviewer's report:

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

P p l
2 1 3 Delete the word "good" before level.
2 2 5 Delete the word "about" before three.
2 2 5 Change participant to participants.
5 1 5 put "the" between often and source.
5 1 6 put "as" before updated.
5 2 7 Replace the sentences from "there is..." with the following, "The purpose of this study was to examine knowledge of heart disease risk in a sample of individuals who were hospitalized with their first acute myocardial infarction (AMI). This was part of a larger study focused on delay in seeking early medical care after AMI onset."
7 2 4 Delete sentence since it repeats previous sentence.
8 3 5 Delete sentence since it repeats previous sentence.
12 2 9 Delete sentence since it repeats previous sentence.
15 2 1 Change awareness to aware.
-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No
