Reviewer's report

Title: Age-related changes in P wave morphology in healthy subjects

Version: 2 Date: 3 July 2007

Reviewer: Flavia Ravelli

Reviewer's report:

General
My previous comments have been addressed satisfactorily by the authors. The manuscript improved after resubmission. No further revision required.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
