Reviewer's report

Title: Sry Delivery to the Adrenal Medulla Increases Blood Pressure and Adrenal Medullary Tyrosine Hydroxylase of Normotensive WKY Rats

Version: 1 Date: 19 January 2007

Reviewer: Nihal Tumer

Reviewer's report:

General

This article is well written by this expert group in their field. The findings are very exiting. I have no major comments.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
1. The result section needs more detailed explanation

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
