Reviewer's report

Title: Characteristics Of Acute Congestive Heart Failure with Normal Ejection Fraction and Less Elevated B-type Natriuretic Peptide

Version: 5 Date: 18 December 2008

Reviewer: Stephane Arques

Reviewer's report:

The authors highlight an under-recognized aspect of an epidemic clinical syndrome.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
