Reviewer’s report

**Title:** Fructose-1, 6-diphosphate (FDP) as a novel antidote for yellow oleander-induced cardiac toxicity: A randomized controlled double blind study

**Version:** 1 **Date:** 25 February 2010

**Reviewer:** Anne-Maree Kelly

**Reviewer’s report:**

This is an interesting trial.

I would like to see further clarification of the agent to be used in the rescue bolus. Is this the same agent as the first bolus, a cross over or ?

I would like to see a clearer statement regarding intention to treat analysis in the body of the manuscript.

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I have no conflicting interests
