Reviewer's report

Title: A New Implicit Review Instrument for Measuring Quality of Care Delivered to Pediatric Patients in the Emergency Department

Version: 3 Date: 20 June 2007

Reviewer: David Thom

Reviewer's report:

General

-------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

near the end of the first paragraph of the results section, "0.005%" should be "0.5%".

-------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
