Reviewer's report:

I have had a look at all this. I think it would be reasonable to go ahead and publish.

I spotted two errors that need correcting before publication:

1. The amount of contact varied from three calls by a pharmacist over ?? months[56] to 17 calls from a nurse (median 14 range11 to 22) over ?? months. Need to replace ?? with numbers!

2. throughout, 'may aide' should be 'may aid'
