Reviewer's report

**Title:** What differences are detected by superiority trials or ruled out by noninferiority trials? A cross-sectional study on a random sample of two-hundred two-arms parallel group randomized clinical trials.

**Version:** 4  **Date:** 7 October 2010

**Reviewer:** Vance Berger

**Reviewer's report:**

I looked over the replies to my initial review, and the revision, and it appears that all of my concerns have been addressed. That being the case, I am now in favor of the manuscript being published as is.
