Reviewer’s report

Title: Application of Latent Semantic Analysis for Open-Ended Responses in a Large, Epidemiologic Study

Version: 2 Date: 2 August 2011

Reviewer: Ryan Edwards

Reviewer’s report:

The authors have done an excellent job responding to my questions and comments from the first round. I have no residual concerns.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
