Reviewer’s report

**Title:** Reproducibility and day time bias correction of optoelectronic leg volumetry: a prospective cohort study

**Version:** 2  **Date:** 11 September 2011

**Reviewer:** Robert J Damstra

**Reviewer’s report:**

The authors implemented the remarks from the reviewers with great accuracy. The manuscript made a large improvement and the discussion, limitations and results are written down more precisely. Therefore I consider the article suitable for publication.

**Level of interest:** An article of outstanding merit and interest in its field

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I have no competing interests.
