Reviewer's report

Title: Validity of information on atopic disease and other illness in young children reported by parents in a prospective birth cohort study

Version: 2 Date: 13 August 2012

Reviewer: Johannes C van der Wouden

Reviewer's report:

I am satisfied with the authors' responses to my comments on the previous version.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests
