Reviewer’s report

Title: Are concomitant treatments confounding factors in randomized controlled trials on intensive blood-glucose control in type 2 diabetes? A systematic review

Version: 2 Date: 15 August 2013

Reviewer: Victor Montori

Reviewer’s report:

I appreciate the authors' attention to my questions and their efforts to contact the authors. It is sad that these authors for the most part chose not to respond to their questions.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
