Reviewer's report

Title: Evidence-based decision-making in infectious diseases epidemiology, prevention and control: matching research questions to study designs and quality appraisal tools

Version: 3  Date: 2 May 2014

Reviewer: Monika Kastner

Reviewer's report:

I have no additional comments. Authors addressed all the points, and I think the paper has much improved - I would suggest that this manuscript be accepted for publication.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
