Reviewer's report

Title: Developing Methods to Assess Harmful Effects in Systematic Reviews

Version: 2 Date: 15 June 2004

Reviewer: Jacqueline Dinnes

Reviewer's report:

General

The paper provides a good description of the trials and tribulations of reviewing harmful effects. I have no further substantive comments on the revised paper

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

None
