Reviewer's report

Title: Motor Function in Parkinson’s Disease and Supranuclear Palsy: Simultaneous Factor Analysis of a Clinical Scale in Several Populations

Version: 5 Date: 11 April 2006

Reviewer: Laurel Beckett

Reviewer’s report:

General
I'm now very comfortable that all my concerns have been addressed.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes

Declaration of competing interests:
I have no competing interests.
